OBJECTIVE / PERSONAL BRAND STATEMENT

A full-stack developer who is creatively driven. I have a background in visual arts, craft coffee, and customer service. I take pride in everything that I work on whether it's an app or latte art.

SKILLS

Javascript, Express, MongoDB, Mongoose, React, Vue, Python, PostgreSQL, HTML, CSS

PROJECTS

- **BUSY BEAR** *a memory card game made with Javascript, HTML, and CSS*
- **CRIT CATALOG** *a fullstack app where a user can add/delete/edit their favorite games.*
- **YELP GUESSER** *a game where users are asked to guess how many stars a local restaurant has on Yelp. Created with PostgreSQL, Express, React, and Node.js*

RELEVANT EXPERIENCE

ADMINISTRATIVE ASSISTANT, COLORADO PARKS AND WILDLIFE, 2021

- *Maintained hatchery databases.*
- *Managed CPW's Master Angler program. Went through submissions, ensured that they met our requirements, and sent out awards.*
